Paris, France

PROFILE

Experienced DevOps Engineer with over 5 years of experience managing complex cloud infrastructures and implementing automation solutions. Proficient in various cloud platforms such as AWS, Azure, and Google Cloud. Skilled in containerization technologies like Docker and Kubernetes, as well as configuration management tools like Ansible and Chef.

SKILLS

Go/Java/TypeScript, Bash/Python, Prometheus/Grafana, Jenkins/Travis CI, Docker/Kubernetes, AWS/Google Cloud

SOFT SKILLS

Teamwork, Adaptability, Attention to detail, Facilitator

EXPERIENCES

October 2020

DevOps Engineer
French Med Company - Paris, France
Led the implementation of cloud infrastructure on AWS and Azure platforms, resulting in a 50% reduction in infrastructure costs.Designed and implemented a highly available Kubernetes cluster for container orchestration, improving application resiliency and reducing downtime.Built a custom CI/CD pipeline using GitLab CI/CD and Jenkins, resulting in faster and more reliable application deployments.

September 2017

September 2020

DevOps Engineer
Bold Corporation - Paris, France
Manage and maintain complex cloud infrastructure consisting of AWS and Azure services.Implemented Kubernetes for container orchestration, resulting in a 30% reduction in deployment time.Set up and maintained monitoring and alerting systems using Prometheus and Grafana.

May 2015

August 2017

DevOps Engineer
Defi Solutions - Lisbon, Portugal
Built and managed cloud infrastructure on AWS and Google Cloud platforms.Implemented Docker containerization and automated deployment using Jenkins.Configured and maintained Ansible playbooks for infrastructure automation and configuration management.Conducted regular security audits and implemented measures to improve security posture.

April 2015

January 2015

Software Engineer
Bee Inc. - Aveiro, Portugal
Work with development teams to design and develop software applications using Java, Spring, and Hibernate.Automate build, test, and deployment processes using tools such as Jenkins, Ansible, and Docker to improve software delivery speed and quality.Design and maintain cloud-based infrastructure using AWS services such as EC2, S3, and RDS.

PROJECTS

CloudFormation Templates

CERTIFICATIONS

Docker Certified Associate (DCA) , Certified Kubernetes Administrator (CKA)

EDUCATION

Alta Nova University
Master of Science in Computer Engineering
2013

Pedro Alto University
Bachelor of Science in Computer Science
2013

LANGUAGES

English (Fluent) , French (Fluent) , Portuguese (Native speaker)

HOBBIES

Cooking, Hiking, Reading, Motor Sports
